

LÉON DE RYCKEL

IT STUDENT AT EPHEC BELGIUM

OBJECTIVE

As a passionate IT and digitalization enthusiast, I am seeking an internship in South Africa to gain practical experience abroad. My parents live in South Africa, and I currently hold a South African visitor visa.

SKILLS

-English: B2+ (certified by IELTS Cambridge) after spending 2 months in England

-Project Management and Coding: Acquired through my studies

-Driver's License

EXPERIENCE

IT STUDIES

During my studies at EPHEC, I gained extensive practical experience in IT. The curriculum is designed to provide hands-on training and real-world applications such as the Microsoft 365 environment, allowing me to develop strong technical skills in system and network administration, IT development, and project management. This practical approach has equipped me with the ability to apply theoretical knowledge to solve real-world problems efficiently and effectively.

HOCKEY PLAYER • 10 YEARS

Played at a high level, including as a member of the Belgian U18 national team. Also coached youth teams for three years, developing team management and mentoring skills.

FORMATION

BACHELOR'S DEGREE IN INFORMATION TECHNOLOGY (3RD YEAR) • EPHEC

Successfully completed the 2nd year with an average score of 14, achieving remarkable results in key subjects such as: IT Development II & III (13.5/20, 15.0/20), System and Network Administration I & II (18.5/20, 12.5/20),

E-BUSINESS • EPHEC

Before specializing in IT at EPHEC, I completed two years in e-business, acquiring skills in online commerce analysis, digital marketing, customer relationship management, and web development.
